Dear Dr. Henney, I am writing to express my concern over the FDA's regulation of genetically engineered (GE) food, to ask that the agency's current policies be changed, and to support all the points in docket #00P-1211/CPI 🖎 All GE Foods should be labeled so I am Commissioner Jane Hen Concret No. 00P-1211/CP1 A9:29 informed and have a choice. 🔁 GE Foods should not be assumed to be FDA Dockets Management Branch "generally recognized as safe" and should have mandatory pre-market safety testing (HFA-305) 5630 Fishers Lane, Room 1061 There should be a moratorium on GE Foods until long-term studies show they are Rockville MD 20852 safe for human health and the environment. (Additional Personal Comments:) \_
